FFA Tournament Procedure:

This is a step by step outline of how the tournament will be run:

- * When called for registration all players will report to console Admin.
- * The Admin go over all the rules and answer any questions.
- * After brackets are setup, the Admin will hand each host the first round match ups.
- * Hosts will be responsible to have all players in game prior to the start of match.
- * All hosts will insure that the official version of server settings is installed.
- * When everything is ready the Official will start the match.
- * After the end of the match hosts will mark down the results of the match.
- * Make sure to keep the screen available with the score of the match.
- * Officials will verify the scores and submit them to the Admin.
- * The process will start over again for the next match until the end of tournament.
